Town Board

We received a letter of Case Closed and semi apology from the APA. After much harassment and terrorism, they threatened to make us tear down our home and pay a \$2.8 million fine for building on our own land. Their law states we didn't need a permit to build on this location. Irregardless, they wanted to make us homeless and destitute to teach us we don't have any rights.

How does something so drastic turn around so completely in such a short time?

How do you thank someone for giving them back their home and peace of mind?

That is what you did for us. You as a group have to be the best town board in the world! You went above and beyond to fearlessly take on the dreaded Park Agency on our behalf. It was done because it was right and just. No thought was given to political affiliation or friendships. We thank each of you separately and collectively for coming to help us.

We also want to thank our town supervisor Rick Nolan for all the personal attention, frustration and faith he put in the prospect of justice. Also, thank you to Howard Aubin for his time and expertise on the subject. In case you don't already know, "He is brilliant!"

You are all dedicated, stand-up people. Our town is lucky beyond belief to have each of you representing them. We will make sure the word gets out how awesome you all were on our behalf.

Thank you all so much
Dawn & John Maye
